

Chemical Flow Injection System

In-line chemical injection proportional to flow rate

Includes

- Digital flow meter with rate and totalize
- Flow sensor
- Installation fitting
- Chemical injection pump
- ORP & pH meter kit
- Pre wired and programmed.

Injection System is designed for automatic injection of chemical proportional to the flow rate.

Ordering Information

ITEM	PIPE SIZE	MATERIAL	TYPE
FS1PV005	1/2"	PVC 80	Tee
FS1CU005	1/2"	Copper/Bronze	Tee
